Your DUE TIME is the time you are to drive past the Yellow Board at a TIME CONTROL. If you are entering a Special Stage you are to be ready to Rally. To calculate your DUE TIME add the TIME ALLOWED onto the START TIME. Competitors fill in the own Due Time. At Service Parks, the Officials will calculate your Due Time.

ARRIVAL TIME will be the time you arrived at the Time Control. The Official will then allocate you a Start Time. On a Special Stage you are then to proceed to the Start

START TIME will normally be 3 minutes after your ARRIVAL TIME. RallySafe will show the Start Time and Count Down. If an Official tells you to not Start they will amend your Start Time. Early departures will be penalised.

The FINISH TIME is the time you pass the finish red Chequered Flag boards. Do not stop at the Flying Finish. RallySafe will show you your finish time, write it in these boxes

The TIME TAKEN is derived by subtracting the FLYING FINISH time from the START TIME, you fill this time in from RallySafe and then you should check the Results to ensure they are

Co-Drivers should keep a Note every time they arrive at a Control late to record their accumulated Late Time which is 30 minutes
